

INTRODUCTION (BROCHURES/CATALOG)

Steel is the backbone of modern civilization. From manufacturing units that use steel as a raw material to offices, offices to homes, dams to bridges, and entertainment equipment to kitchen appliances, everything has some content the steel. Because of that, it is hard to believe that life is without steel.

The steel industry is often considered an indicator of economic progress because of the critical role played by steel in infrastructural and overall economic development.

Steel goes through various stages and processes before it can occur in our lives. V Metal Solutions Inc of Steel manufacturing and merchandising highly contributes to different functions by giving their customers mild steel sheets, coils, slitted coils, and corrugated sheets as per their requirements and specifications. The mild steel products (CRCA/HRPO/GP/GI/PPGI) are mainly manufactured in various forms and delivered to multiple companies.

V Metal Solutions Inc's coil processing service Center in Ahmedabad, Gujarat, stands on a solid foundation of 30 years of association with mild steel.

V Metal Solutions Inc is fully geared to process 6,000 tones on its Cut-To-Length line, Corrugation line, and Slitting line to the minimum.

CUTTING-EDGE TECHNOLOGY

Cutting-edge technology at V Metal Solutions Inc forms the basis of all its services. Whether cutting to length, profiling, corrugation, slitting, or roll development at V Metal Solutions Inc, we ensure the highest standards are adhered to at every level.

RELIABILITY: GUARANTEED

We respond to any production need with great speed. At V Metal Solutions Inc, just-in-time delivery is integral to our philosophy.

DELIVERY ON-TIME

We deliver to our customers as per the commitment, which helps them grow with us.

OUR CLIENTS ARE THE FIRST PRIORITY

We cater to the specialized and customized requirements of many leading consumer and industrial goods manufacturers. We provide our customers with the best quality mild steel products, which help them cater to their consumers with their further work.

CUT-TO-LENGTH

MATERIAL SPECIFICATION:	
Material	CRCA/GP/GI/HRPO
Thickness	0.30 TO 3.00 mm

INPUT COIL SPECIFICATIONS	
Coil Outer Diameter	1800 to 2000 mm
Coil Inner Diameter	450 to 500 mm
Max. Coil Weight	3o tones
Coil Width (Cut-To-Length line)	300 mm to 2000 mm
Coil Width (Slitting line)	35 mm(min.) 1550 mm (max.)
OUTPUT SHEET SPECIFICATION	
Stacker Capacity	5 to 7 tone
Sheet Length Min.	600 mm
Sheet Length Max.	6000 mm
Accuracy	mm on diagonal
	mm on length

SLITTING LINE

MATERIAL SPECIFICATION:	
Material	CRCA/GP
Thickness	0.30 TO 3.00 mm

INPUT COIL SPECIFICATIONS	
Coil Outer Diameter	1800 to 2000 mm
Coil Inner Diameter	450 to 500 mm
Max. Coil Weight	3o tones
Coil Width (Cut-To-Length line)	300 mm to 2000 mm
Coil Width (Slitting line)	35 mm(min.) 1550 mm (max.)
OUTPUT SHEET SPECIFICATION	
Stacker Capacity	5 to 7 tone
Sheet Length Min.	600 mm
Sheet Length Max.	6000 mm
Accuracy	mm on diagonal
	mm on length

PROFILING & CORRUGATION LINE

MATERIAL SPECIFICATION:	
Material	GP/GI/PPGI
Thickness	0.25 TO 0.80 mm

INPUT COIL SPECIFICATIONS	
Coil Outer Diameter	1800 to 2000 mm
Coil Inner Diameter	450 to 500 mm

Max. Coil Weight	10 tones
Coil Width (Cut-To-Length line)	300 mm to 2000 mm
Coil Width (Slitting line)	900 mm(min.) 1450 mm (max.)

ABOUT US

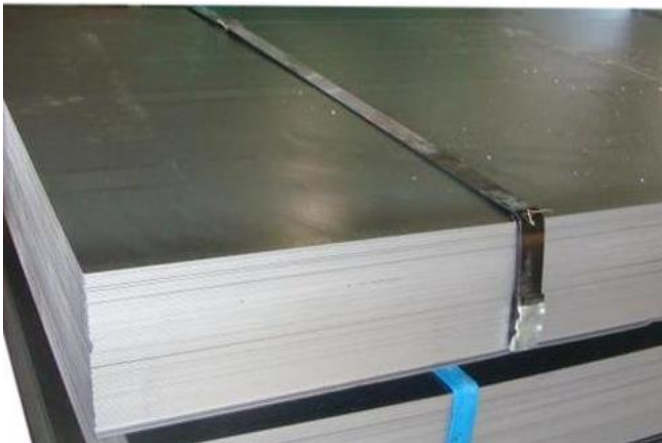

V Metal Solutions Inc was established in 2020 and successfully caters to its customers with its products and services. Our company believes in Quality with Excellency. V Metal Solutions Inc is the sister company of Ackroll Group. Furthermore, we feel responsible for maintaining that goodwill in our steel market and customers.

Our highest priority is our customers' satisfaction with the quality products delivered and services provided.

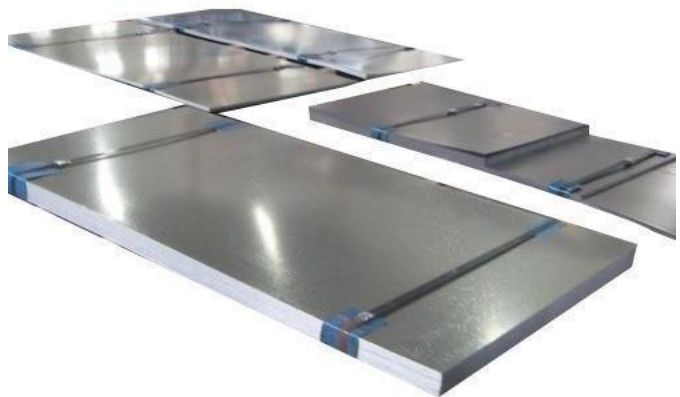

V Metal Solutions Inc stands on the solid foundation of 30 years of association with mild steel products. We have in total of three plants in Ahmedabad, Gujarat, India. Two of the three plants are in Kathwada G.I.D.C., Ahmedabad, and one is in Dhamatvan, Ahmedabad.

We are exporting now with our freshly commenced sister company named V Metal Solutions Inc.
